

Educate Online is the leading provider of online educational intervention programs. Our programs are designed to help each student learn key concepts, fill learning/skill gaps, and stay on track for academic success. Students can learn at home or in school—from a live, state-certified instructor—with our innovative, targeted, individualized online programs.

Meet and Maintain AYP

Our targeted academic intervention programs are aligned to state standards in all 50 states. Educate Online works closely with schools and districts to meet and maintain Adequate Yearly Progress (AYP).

- Unique diagnostic/prescriptive approach delivers individualized curriculum for every student
- Live instruction with U.S.-certified teachers
- Mastery learning ensures academic skill capture and retention
- SES certified in more than 40 states

Parent Portal

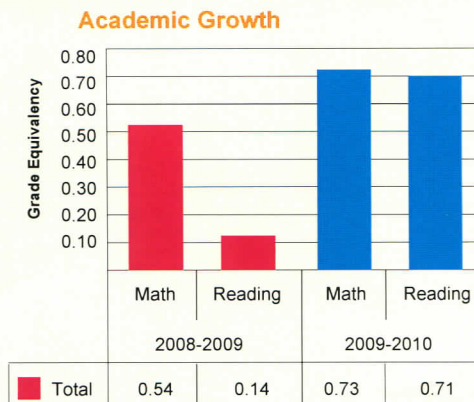

At any time during the program, day or night, parents/guardians can access the secure, password-protected Parent Portal on the Educate Online website. The portal allows for real time review of the student learning plan, progress reports, assessment scores, and how the student progresses academically.

The screenshot shows the Educate Online Parent Portal. At the top, there is a navigation menu with links for Home, Schedule, Messages, Reports, and Need Help?. Below this, there is a 'To Do' section with a list of actions and upcoming appointments. A 'Report Card' section features a thermometer graphic showing progress towards a goal, with a 'GOAL' indicator at the top. The report card includes the following information: Student: Green Program, Your School: 6th Grade Basic Math, Successful Sessions Taken: 23, Sessions Remaining: 9, Completion Percentage: 72%, Most Recent Session Status: Jan 11 @ 7:00 PM Completed, Program Completion Goal: Feb 11, 2010, and Tokens Earned: 265. There is also a 'Messages' section indicating there are no messages.

Proven Results

Educate Online improves students comprehension of key concepts.

Students who complete the entire Educate Online program in either reading or math show growth in academic skills.

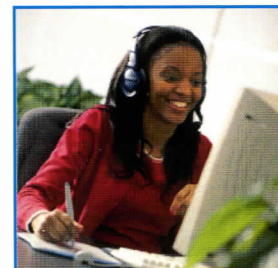

This is achieved by:

- Personalized learning plans and programs created to meet the needs of the student based on pre-assessment result
- Academic content aligned to the state's standards and learning objectives
- Progress monitoring and reporting ensures students reach mastery

Teacher Clearance

Each teacher that joins our team is U.S. based and completes an annual comprehensive background check that includes FBI fingerprinting, past criminal history, education, and professional license.

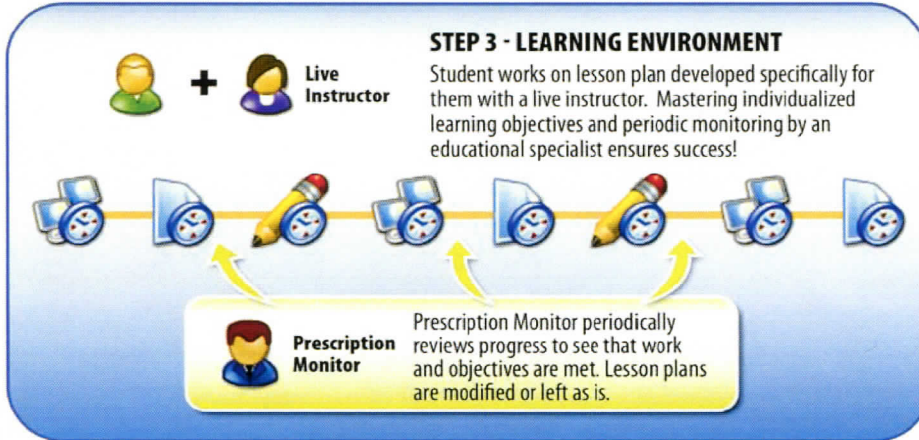

- FBI Finger Print Check
- Criminal Background Check
 - Social Security Trace
 - Sex Offender Registry (SOR)
 - U.S Criminal Indicator Check
 - County Criminal Records Check
 - State Criminal Records Check
- Education Verification- Each teacher have at least a Bachelor's degree
- Professional Licensure verification- Teachers that have been certified by a U.S. based institution, college or agency. The license is verified with the institution
- Training- Teachers undergo extensive training that evaluates knowledge of our curriculum, assessments, and logistical process

STEP 1
Student is assessed

STEP 2
Individualized program developed based on student's academic need

STEP 4
Student is assessed

RESULTS REPORTED
To Districts, Schools & Parents/Guardians

What sets Educate Online apart from other intervention solutions is the patented technology and methodology that are the foundations of our solution. We have built in the ability to treat each student as an individual, and work directly with each of them on a one-on-one basis throughout the program. With the many demands placed on schools today in regard to logistics and funding, a scalable and flexible solution that works with teachers as an extension of the classroom is imperative.

From assessment and individualized learning plans to one-on-one instruction and tracking and reporting, students and schools realize impressive gains.

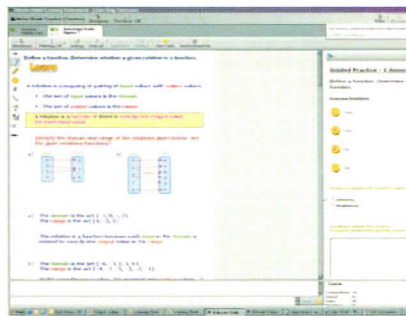

Reporting

Educate Online's comprehensive reporting provides administrators and parents with up-to-date information on student progress, broken down by school, grade, or student. End-of-program reports show academic success and mastered skills.

Technology

Our innovative online classroom combines proven, patented technology and methodology with state-certified instructors. Educate Online delivers a true, targeted, individualized classroom experience, online.

Prescription

Educate Online creates an individualized learning plan for each student, based on the results of the pre-assessment. The learning plan identifies each student's needs and outlines an academic plan to address them.
